

CCRTA-OPS MONTHLY REPORTS

**For
JUNE 2026**

**EASTERN MA TRANSIT
DIVISION 198
40 American Way
S. Dennis, MA 02660**

Date: June 14, 2026

TABLE OF CONTENTS

EASTERN MA TRANSIT OPERATION CENTER MONTHLY REPORT FOR JUNE 2026

MAINTENANCE

- Maintenance Vehicle Listing
- PM Vehicle Maintenance Report
- Maintenance Pass/Fail Report
- Fixed – Monthly Vehicle Failure summary
- DART – Monthly Vehicle Failure summary
- Fuel Report

CALL CENTER

- No Show Percentage
- On Time Percentage
- Trips Per Hour
- ADA Paratransit Trips

OPERATIONS

- Report of Service Loss
- Report of Missed Trips
- Peak Fleet Requirements for DART Buses
- Peak Fleet Requirements for Fixed Buses

ADMINISTRATION

- NTD Monthly Performance Measures
- Monthly Risk Management
- Monthly Drug & Alcohol
- Monthly Safety/Training Hours

June 2026 Management Incident Report

Prepared For: Management Team
Reporting Period: June 1–30, 2026
Total Incidents Reported: 39

Executive Summary

June 2026 saw a total of **39 reported incidents**, with the highest concentration occurring in three areas:

1. **Passenger Incidents** – 10
2. **Mirror Strikes** – 8
3. **Mechanical Issues** – 8

Together, these categories accounted for over two-thirds of all reported incidents during the month. Passenger safety events continue to represent the largest operational risk, while mirror strikes and mechanical failures remain recurring preventable challenges.

Two recordable accidents in June both non-preventable.

Incident Category Summary

Category	Total
Passenger Incidents	10
Mirror Strikes	8
Mechanical Issues	8
Minor Vehicle Accidents	4
Fixed Object Collisions	4
Driver Medical Issues	1
Other Operational Issues	4
Total	39

Passenger Incident Review

Passenger-related events remained the largest category with 10 incidents. Reported issues included:

- Passenger falls while boarding, exiting, or moving within the vehicle.
- Passenger medical emergencies.
- Passenger altercations and disruptive behavior.
- Intoxicated passengers.
- Refusal to exit the vehicle.
- A serious allegation involving inappropriate passenger conduct toward a minor.

Management Concern

Passenger falls continue to be the most frequent safety-related event and represent a significant liability exposure. Additional emphasis on secure boarding, passenger observation, and safe vehicle movement is recommended.

Mirror Strike Review

A total of **8 mirror strike incidents** were reported during June. Incidents involved:

- Contact with passing vehicles.
- Tree branches and bushes.
- Utility poles.
- Commercial trucks.

Trend Observation

Mirror strikes remain one of the most frequent preventable accident categories. Several occurred on heavily traveled roadways and in confined operating areas.

Recommendation

Conduct focused refresher training on:

- Mirror clearance awareness.
- Lane positioning.

- Defensive driving techniques.
 - Hazard recognition in narrow roadways.
-

Mechanical Reliability Review

June recorded **8 mechanical incidents**, including:

- Vehicles failing to start.
- Overheating conditions.
- Battery failures.
- Transmission problems.
- Cooling system failures.
- Check engine alarms.
- Horn malfunction.
- Hose failure resulting in vehicle shutdown.

Management Concern

Mechanical issues continue to affect operational reliability and service continuity. Several events resulted in road calls or disabled vehicles

Recommendation

- Review preventive maintenance schedules.
 - Analyze repeat failures by vehicle number.
 - Increase focus on cooling systems and electrical systems
-

Vehicle Collision Review

Minor Vehicle Accidents (4)

Incidents included:

- Vehicle backing into bus.
- Vehicle striking side of bus.
- Rear-end collision while bus was stopped.
- Vehicle impacting bus mirror.

Fixed Object Collisions (4)

Incidents included:

- Pole strike.
- Mailbox strike.
- Wall strike.
- Mirror contact with pole.

Management Observation

Most vehicle-related incidents appear low severity; however, continued attention to backing procedures and space management is warranted.

Key Management Priorities for July

1. Passenger Safety

- Reinforce boarding and exiting procedures.
- Review wheelchair and mobility assistance practices.
- Emphasize passenger monitoring during vehicle movement.

2. Mirror Strike Reduction

- Conduct targeted defensive driving refresher training.
- Review routes with frequent narrow-clearance hazards.

3. Mechanical Reliability

- Assess recurring breakdown trends.
- Prioritize inspections of vehicles experiencing repeated issues.
- Focus on cooling, electrical, and starting systems.

4. Incident Prevention

- Increase coaching for operators involved in repeat incidents.
- Continue promoting timely and accurate incident reporting.

Conclusion

June 2026 experienced **39 total incidents**, with passenger-related events, mirror strikes, and mechanical failures representing the primary operational challenges. While most incidents were low severity, continued focus on passenger safety, driver awareness, and fleet reliability should help reduce incident frequency and improve overall service performance during the summer operating season.
